

World Soil Health Day Celebrated at ICAR-CAZRI-RRS-Bhuj

World Soil Health Day programme was jointly organized by ICAR-Central Arid Zone Research Institute, RRS and KVK on 5th December 2020. More than 15 participants actively attended the programme. This year's main theme of world soil health day is "Keep soil alive". The main motto was to raise awareness on importance and conservation of soil biodiversity for prosperity and profitability. Dr. Anandkumar Naorem, Scientist, RRS-Bhuj welcomed the faculty and farmers who attended the programme. He underlined the significance of the day. Dr. Ramniwas, SMS, KVK-Bhuj highlighted the importance of maintaining soil biological property of good soil health. Dr. Arvind Tetrawal, SMS, KVK also discussed the crop management practices that enhances the soil biological status. On this occasion Soil Health Cards were distributed to the farmers. An interaction round was also conducted to discuss any problems related to soil. The programme concluded with a vote of thanks from Dr. Sitaram Jat, KVK, Bhuj. Safety precautionary measures were followed strictly during the programme.
